Daniel Hersheson may be known primarily for tending to our tresses, but they also have a fabulous range of beauty treatments that will keep you looking perfectly groomed, courtesy of in-house beautician Shirelle.

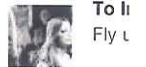

Everything from waxing, threading and massage to nails, toes and eyelash extensions, the salons offer all the best and most luxurious of treatments.

And, for those who have a special occasion, make-up artist Lauren Hersheson can be booked for a session to show you how to make the most of yourself, show you which colours best suit you or merely make you look beautiful for a night out.

See www.danielhersheson.com for more information or to book an appointment.
