Lauren Hersheson Colour Me Mine

Daniel Hersheson's daughter Lauren has joined the team at Harvey Nichols as the In-house make-up artist offering lessons, make-up bag overhauls and bridal trials. Teaming up with head colourist Sibi Bolan, Lauren is running "Colour me mine", a treatment for clients who want a drastic colour change. Included in the price, on quotation, is a three-hour session with Sibi, who will colour the hair, before Lauren advises them on how to match their new hair with make-up and eye brow colour. Call 0207 201 8797 to book an appointment.
